Community Development and Economic Justice Project

LawNY's® Community Development and Economic Justice Project (CDP) can provide free legal assistance and strategic support to eligible community-based organizations and coalitions. CDP is focused on alleviating the root causes of poverty by giving community members legal support to make the changes that they want to see in their communities. We support our clients through litigation, advocacy, transactional legal assistance, and community education, using a community lawyering model. Our work focuses primarily on housing opportunity, quality, and affordability; transportation equity; economic opportunity; and community economic development.

The project covers Monroe, Ontario, Wayne, Seneca, Yates, Livingston, Tompkins, Tioga, Allegany, Steuben, Chemung, Schuyler, Cattaraugus, and Chautauqua counties.
