

# Thank you to our supporters

Without the support and generosity of our funders who believe in our mission to provide access to the justice system, we would not be able to provide the wide variety of legal services we now offer to residents of our 14 county service area. Thanks to the numerous agencies, individuals and organizations, we have been able to develop a variety of innovative projects and partnerships that allow us to holistically serve our clients.

## **We would like to thank the following:**
