Internships

"The experience I gained with LawNY® as a 1L intern was invaluable. I was able to participate in several different types of litigation in a variety of ways. Some of my work included legal research, writing memos, the drafting of motions and other court documents, interviewing clients, creating legal self-help materials, and trial preparation. I was also allowed the unique opportunity to represent a client in the courtroom (with the supervision of an experienced attorney) under a NY State practice order. This "real world" experience gave me the chance to experience all phases of litigation and to truly feel that my work made a difference in someone's life. My supervisor was very approachable, welcoming, and supportive. I was always comfortable coming to any of the attorneys or other staff for guidance, and truly enjoyed working with a clearly dedicated and compassionate team!"
